## PayDay

**UPDATED 2009 AMOUNTS WHICH AFFECT PAYROLL ARE AS FOLLOWS:**

### **VEHICLE REIMBURSEMENTS**

The IRS will allow business mileage tax deductions at the rate of 55 cents per mile, effective for miles driven in 2009. An employer may choose to reimburse employees at the IRS rate for business miles driven on their personal vehicle, without the reimbursement being reported as taxable wages to the employee. Reimbursements for 2009 above 55 cents per mile must be treated as taxable wages.

**NOTE -- An employer is not required to use the IRS mileage rate for employee reimbursements, and therefore can reimburse more (taxable on excess) or less than the IRS rate.**

### **HEALTH SAVINGS ACCOUNTS**

The 2009 annual funding limits to health savings accounts (HSA's) are \$3,000 for self-only or \$5,950 for family HSA's. Employees age 55 - 65 can fund additional "catch-up" amounts of \$1,000 to HSA's (to \$4,000 for self-only and \$6,950 for family HSA accounts).

These 2009 annual funding limits are the combined contribution amounts between employee and employer funding.

**NOTE -- It is always smart to include employee HSA contributions as an "includable benefit" in a written Section 125 cafeteria plan document, in order to save FICA/Medicare taxes.**

### **EMPLOYER-PAID PARKING**

An employer may reimburse or directly pay employees for up to \$230 per month of parking as a non-taxable fringe benefit. The parking must be job-related and on or near the employer's business location.

**NOTE -- "Downtown" employers may want to consider providing non-taxable parking benefits in lieu of taxable employee wages.**

### **FUNDING 2009 RETIREMENT PLANS**

Funding limits for employee payroll deductions to various types of "qualified" retirement plans during 2009 are as follows:

<u>Type of Plan</u>	<u>Regular Amount</u>		<u>Additional "Catch-up"*</u>
401K, 403b annuity and 457 govt.	\$16,500	+	\$ 5,500
SIMPLE-IRA	\$11,500	+	\$ 2,500

\*An employee must be at least age 50 by 12/31/09 to contribute the "catch-up" contributions.

**NOTE - The maximum compensation which can be "counted" for defined contribution retirement plans is \$245,000 for 2009 (which produces a funding "cap" of \$49,000 in 2009).**

### **SOCIAL SECURITY WAGE BASE**

Wages are taxed up to \$106,800 for FICA in year 2009 (the 2008 "cap" was \$102,000). Both FICA and Medicare tax rates in 2009 are unchanged from 2008 rates of 6.2% and 1.45%.
