PayDay

AccuPay recently partnered with Directo to offer PayCards to non-banked employees of our clients.

Benefits of Directo Paycards are as follows:

- They are accepted at ATMs world-wide;
- Employees can use their PayCards as debit cards for shopping, paying bills, or sending/transferring money to family;
- PayCards have a PIN# for access and therefore are safer than carrying cash;
- An employee's cost for using their PayCard is much less than check-cashing fees;
- All PayCard accounts are individually-owned and funds are federally insured and held in an FDIC - member bank; and
- Directo has Spanish-speaking customer service representatives to train and assist Hispanic employees.

The Directo PayCard program is available at no cost to employers. For further information about Directo or PayCards, call Tamara Clookey, CPP, AccuPay's Client Care Director, at 885-7600.

PayDay is an email communication of payroll news, legal updates and tax considerations intended to inform clients and colleagues of AccuPay about current payroll issues and planning techniques. You should consult with your CPA or tax advisor before implementing any ideas, comments or planning techniques.
